\$179

can be a lot of money

For instance, \$1.79 a month will buy a brand-new Quick Recovery Flameless Electric Water Heater on the Protected Purchase Plan. In many cases, the installation costs can be included in this low monthly payment, and normally, the wiring will be installed free.

To top it all off, you won't have to pay one cent for parts, or service, during the TEN-YEAR GUARANTEE period. All this for just \$1.79 a month!

Also, the water heater you buy under this plan makes you eligible for the special low All-Electric rate, which can mean an average reduction of 20% on the price you pay for electricity!

That's quite a lot for a \$1.79. Don't you agree?
